THERMA TRU[®]
DOORS
May 2017

Welcome to Therma-Tru®,

the most preferred brand of exterior doors. Year after year, building professionals rank us #1—as the brand they use most and as the most innovative company in fiberglass entry and patio door systems. It’s a reputation we’ve built for more than 40 years—including the 26 years since we invented the fiberglass door.

why fiberglass?

durable

- fiberglass doors won't dent, rot or rust.
- withstands wide temperature ranges.

beautiful

- our doors are made to look and feel like real wood.
- beautiful decorative glass patterns to accent your home and personal style.

low maintenance

- durable fiberglass construction requires
- less maintenance than wood or steel doors.

energy efficient

- solid foam core offers 5 times the insulation value of wood.
- double pane insulated tempered safety glass.

Classic-Craft® Decorative Glass

Glass Privacy Rating

Adding glass to your door will maximize the beauty and curb appeal of your entryway. Choose from a variety of decorative glass options or opt for grilles, blinds, clear or energy-efficient Low-E glass. Our glass collections offer a variety of privacy levels and coming options to fit your personal style.

Arcadia

Gray tinted baroque glass accents the beautiful design of Arcadia glass. Rounded brass coming is set with seeded glass of unevenly stretched air bubbles. Clear curved bevels cast dramatic light reflections. Available in Brass (1A), Brushed Nickel (1C) or Black Nickel (1D) coming.

Glass Privacy Rating: 5.

Augustine

An enchanting collection that embodies nature with its organic flowing lines and leaves. Insulated glass seals an authentic, abstract Rustic wrought iron design between clear and granite glass.

Glass Privacy Rating: 10.

Cambridge

Clear curved beveled glass creates a graceful design with brass coming that's set amid crystalline glue chip glass. The Cambridge glass pattern is enhanced with a ripple glass border. Available in Brass or Brushed Nickel coming.

Glass Privacy Rating: 8.

Camino

This sophisticated collection complements Rustic and Spanish-inspired architecture with charming handcrafted design and geometric lines. Insulated Chinchilla glass offers privacy for your home, and protects an intricate Black wrought iron grille design.

Glass Privacy Rating: 8.

Homeward

Linear shapes exemplify this Prairie-style look. It combines clear bevels, seeded glass and gray artique glass. Available in Brushed Nickel (1C) or Black Nickel (1D) coming.

Glass Privacy Rating: 4.

Longford

Granite field glass and seeded glass create an elegant design reminiscent of Gaelic heritage. Choose either Brushed Nickel or Black Nickel coming.

Glass Privacy Rating: 8.

Classic-Craft® Decorative Glass

Glass Privacy Rating

Clear

Opaque

Lucerna

Lucerna decorative glass makes a statement of style and sophistication from the curb, while the soft beauty of natural light is reflected inside. Named for the beauty of light it reflects, Lucerna glass presents an elegant, updated fleur-de-lis pattern.

Glass Privacy Rating: 7.

Provincial

The symmetrical diamond design in the Provincial glass pattern is surrounded by shimmering ripple glass and bordered with gray tinted baroque glass. Your choice of either Brass (1A), Brushed Nickel (1C), or Black Nickel (1D) coming.

Glass Privacy Rating: 6.

Villager

Its geometric inspired pattern brings together gray artique glass, clear bevels, hand-blown style glass, clear, rain and bronze water glass for an artisan look. Available in Brushed Nickel (1C) or Black Nickel (1D) coming.

Glass Privacy Rating: 5.

Granite (XN)

Maintain maximum privacy while letting natural light into the home with this simply elegant design.

Glass Privacy Rating: 10.

Rain (XR)

Maintain maximum privacy while letting natural light into the home with this simply elegant design.

Glass Privacy Rating: 8.

Craftsman Low-E Clear

Our insulated clear glass doorlites are tempered with a Low-E coating and double-paned.

Glass Privacy Rating: 0.

Lucerna Decorative Glass For Classic Craft Premium Entryways

Lucerna decorative glass makes a statement of style and sophistication from the curb, while the soft beauty of natural light is reflected inside.

Blackstone

Generous clear, curved bevels reflect shimmering light while a new rainglass texture offers added privacy. Your choice of Brushed Nickel (1C) or Black Nickel (1D) coming.

Glass Privacy Rating: 7.

Crystalline

Crystalline Glass sparkles with beveled, clear and crystalline glue chip glass that's combined to create this diamond design. Accent this design with your choice of Brass (1A), Brushed Nickel (1C) or Black Nickel (1D) coming.

Glass Privacy Rating: 7.

Sedona

Sedona glass reflects a classic mission style that uses distinctive beveled glass lines with unique bubble patterned glass. This style can be accented with either our Brushed Nickel or Black Nickel coming. Or, add a little color with our exclusive Sedona Art glass featuring deep red accent glass with Black Nickel coming.

Glass Privacy Rating: 7.

Salinas

Insulated Oceana glass provides maximum privacy, and seals in a narrow Black wrought iron grille protecting it from the elements.

Glass Privacy Rating: 10.

Maple Park

This peaceful and comforting design features water and granite glass along with clear bevels and a soft arc that create a craftsman-inspired look, well suited for all types of homes. Stocked with Brushed Nickel (C) or Black Nickel (D) coming.

Glass Privacy Rating: 6.

Smooth-Star® Decorative Glass

Glass Privacy Rating

Many More Options Available

Classic-Craft American

The American Style Collection with the look of Douglas-Fir graining is inspired by the American Craftsman movement of the early 1900's. The clean vertical lines, solid wood edges, architecturally correct stiles and rails, and recessed panels harkens back to the era of simple artistry and purity of design.

Classic-Craft Mahogany

Elegant and sophisticated, the Mahogany Collection doors capture the intricacies of authentic Honduran Mahogany wood. A rich, distinguished design, Mahogany style doors are especially suited to European, Victorian and Colonial home designs.

Classic-Craft Rustic

A beautiful door from the Rustic Collection embodies all the character and charm of Tuscany and the American Southwest. These doors have the look of real wood grain, and the simple yet authentic hand-craftsmanship of the artisans that originally created these door styles. Available in arch and radius styles, and can be finished with clavos, hardware and strap hinges to fashion enchanting entrances of Old World charm.

Classic-Craft Oak

Imagine the beauty of Oak wood for the front door of your home with all the added benefits of fiberglass. With warm, White Oak grain that rivals authentic hardwood the Oak Collection is the perfect complement to ranch homes, which are the most common architectural style in American housing.

Accugrain is a door casing process that uses multiple dies to product different graining types to cast the appearance of real wood into our fiberglass doors. At a high-level, the process starts with building a wood door using select pieces of wood that have the graining and wood characteristics we want to reproduce.

They then enhance the wood door using proprietary technology to enhance the natural graining depth on the wood before casing. Then, with the graining technology, the final

product undergoes multiple casting. This process, called random depth graining, combined with the multiple dies to product different graining types, makes our fiberglass doors virtually indistinguishable from real wood doors.

Classic-Craft Canvas

Come home to a sleek, modern entryway with a door from the Canvas Collection. The collection is designed with a smooth, paintable surface for ease of adapting to home interior and exterior finishes. Canvas doors are built with rich embossment details and wide center panels for the custom wood door look.

Fiber-Classic Mahogany

Designed to capitalize on consumer preferences for darker woods in home interiors, Fiber-Classic Mahogany extends this look to the outside of the home with entryways that deliver timeless styles and beautiful finishes.

Fiber-Classic Oak

With high-definition panel embossments, Fiber-Classic Oak continues to pair the durability and strength of fiberglass with the traditional styling of Oak, making it a perfect fit in a variety of home styles.

Smooth-Star

Get the look of fine painted wood and the strength of steel with the Smooth-Star Collection. It's an excellent value in a fiberglass entry door, made of rugged compression-molded fiberglass with deep detailed panels. This design creates beautiful shadow and contours on your door's surface.

Traditions Steel

These sturdy steel doors are specially designed to bring you the strength you need at an excellent value. The collection features doors that are primed white and ready-to-paint.

20 Minute Rated Fiberglass

- All of our opaque Classic-Craft, Fiber-Classic and Smooth-Star doors can be ordered as a 20-minute fire-rated product that features a proprietary cement core, the doors deliver increased protection over polyurethane foam.
- From smooth to grained, we've got the products needed to meet national and local code requirements for garage-to-house entry, Multi-family residential properties and Hotel/Motel unit entries.

* Meets California WUI Fire Code.

Stain Finishing Options

We've created an all-inclusive Same-Day Stain Kit that lets you stain your entry door easily in one day.

With a faster drying time than traditional oil-and-gel-based stains, you will finish the project in one day and move on to other things.

Our Same-Day Stain will resist fading, bleaching, and chalking, and comes in a wide choice of colors to match your home's decor and architecture.

Available in Mahogany, Natural Oak, Light Oak, Cedar, Cherry, Walnut and English Walnut.

OR, let T.M. Cobb Prefinish your door or your complete prehung system with our Finish-Choice System.

Please ask for our additional Stains and Paint finishes brochure to see available Finish-Choice options.

Same-Day Stain Kit

Add an optional 4-block dentil shelf for a more historically correct door.

FC8LXR Rainglass

Multi-Point Locking System

- MPLs add greater security
- Stability for enhanced door system performance
- Stainless steel construction resists rust and corrosion

Hardware

Multi-Point Locking Systems (MPLS) (Recommended)

Engages the door and frame at three critical points from top to bottom for enhanced stability compared to traditional deadbolt assemblies. Features premium stainless steel construction that resists corrosion.

NEW Grip-Style MPLS

New grip-style handlesets offer an intuitive approach to the multi-point locking system with on-trend aesthetics. A simple 90-degree twist of the thumbturn (interior) or a key (exterior) is all it takes to engage the door frame at three points with no need to lift the handleset lever. An integrated mishandling device protects the door and frame from accidental damage. Features deadbolt located above handleset.

(Highly recommended for 8'0" fiberglass doors. Not recommended for steel doors. Strike plate package available. Active option only.)

Standard Door MPLS +

Tongue
(For single door systems.)
Heights: 6'8"
7'0"
8'0"
Configurations: Inswing
Outswing

- 1 Self-lubricating locks.
- 2 1" premium stainless steel deadbolt.
- 3 Integrated mishandling device.

Smooth-Star Collection

- Features smooth, ready-to-paint surface with high-definition panel embossments.
- Includes 1-1/4" lock and hinge stile, as well as 12-1/2" lock block for increased rigidity, stability and security.
- Engineered with composite top and bottom rails for increased moisture prevention.
- Multiple sidelite configurations offered to complement any entryway opening. 10", 12" and 14" options offered in select styles.
- Limited lifetime warranty.

Create a Clean, Sleek Look with SDL Bars

Wide SDL bars for flush-glazed doors and sidelites offer a contemporary look homeowners desire while allowing more natural light into the home. These flat SDL bars make a statement and are the perfect way to bring style to a home's door while enhancing the look of privacy and textured or clear glass.

S603 Brookside with S603 Sidelites

Smooth-Star Collection (PULSE)

- Features smooth, ready-to-paint surface with high-definition panel embossments.
- Includes 1-1/4" lock and hinge stile, as well as 12-1/2" lock block for increased rigidity, stability and security.
- Engineered with composite top and bottom rails for increased moisture prevention.
- Multiple sidelite configurations offered to complement any entryway opening. 10", 12" and 14" options offered in select styles.
- Limited lifetime warranty.

A transitional update to the historic Shaker style, new Smooth-Star Shaker-style doors and sidelites feature flush-glazed glass and recessed panels delivering a simple design with broad appeal. Ideal for homes that take design cues from Farmhouse, Prairie and Modern architectural elements, Shaker-style doors and sidelites bridge the gap between yesterday's styles and today's trends.

Available in Smooth-Star, starting on page 165.

Flush-Glazed Fiberglass Door Replacement Rider

Provides protection in case of accidental glass breakage during residential and multi-family construction or installation. Thermo-Tru will replace the flush-glazed fiberglass door and sidelite.

Smooth-Star Collection

- Features smooth, ready-to-paint surface with high-definition panel embossments.
- Includes 1-1/4" lock and hinge stile, as well as 12-1/2" lock block for increased rigidity, stability and security.
- Engineered with composite top and bottom rails for increased moisture prevention.
- Multiple sidelite configurations offered to complement any entryway opening. 10", 12" and 14" options offered in select styles.

S8000 Clear

Tailor the look of entry and patio doors with simulated divided lites (SDLs) in smooth-textured bars. Designed to add visual interest and complement a variety of home styles, SDLs can extend a home's divided lite look to every entry point, creating a cohesive exterior appearance. SDLs can also be layered over GBGs to create a high-end, authentic divided lite look to match your windows.

T.M.Cobb now proudly offers smooth and textured full cobbposite exterior frame and exterior brickmould!

FCM608-SDL shown above

Ask your Sales Representative for more information.

Cobbposite available Smooth and Textured (Stainable)

Smooth-Star Collection

Clearview RS Series

In a few short days, Clearview RS (Retro Sized) units are assembled and ready to replace that old aluminum sliding glass door. See dimensional data page at the end of this section for sizing information.

Clearview RS Series

Every unit comes with a preprimed fully weatherstripped frame. The adjustable High Dam Sill is complete with protective cover to keep out the elements for life.

Corner Pads provide a superior seal where other units fail. Operating sidelites are available with stainless steel multi-point hardware and your choice of handle.

Sized for replacement of your existing patio door.

Clearview RS Series

In a few short days, Clearview RS (Retro Sized) units are assembled and ready to replace that old aluminum sliding glass door. See dimensional data page at the end of this section for sizing information.

Casement Options

Locking latches top and bottom come in your choice of white or brown for swing-in sidelites

Casement cranks available in white or bronze for swing-out sidelites.

Made to Fit

Now available - retro sized patio units with sidelites in all configurations. Performance you can count on all in a high performance system with high performance low-E glass.

Victorian

Born and raised in Oklahoma, Troy “Ty” Cobb brought his Mid-American values and Midwestern work ethic with him when he moved to California at the age of 22. After working for a time at the tire factory, Cobb joined Mox Lumber Company and quickly became the head of

the Sash and Door Department. From there, he moved on to the Red River Lumber Company’s Sash and Door Department. Piloting his Model A Ford, Ty served dealers from Los Angeles through San Diego and into Arizona.

In 1935, Ty took his hard earned life savings of \$5,000 and started his own business, T.M. Cobb, at 5800 S. Central Avenue in Los Angeles. The company was founded on the same principle upon which Ty had based his entire career, a dedication to quality, service and personal integrity.

A hard working and frugal man, Ty earned the respect

of both his customers and employees. He spent his entire adult life building T.M. Cobb from the ground up, overseeing the company’s incredible growth and expansion over the next three decades.

Ty passed away in 1970, but the company continues to build upon the foundation he established. Since 1970, T.M. Cobb has expanded its facilities to allow for total coverage throughout California and neighboring states. Owned and operated by second, third, and fourth generation Cobb family members, T.M. Cobb operates six manufacturing plants, four distribution warehouses and six offices. But despite the many changes in T.M. Cobb over the years, the one constant has been the persistence of Ty’s original vision: To supply lumber and building material dealers with a wide selection of quality products and knowledgeable, responsive service at fair prices.

Today, T.M. Cobb and Therma-Tru Doors bring the widest selection of fiberglass and steel doors, all in-stock for fast delivery. T.M. Cobb’s relationship with Therma-Tru spans decades. This close relationship assures you of quality products along with high service levels.
