EMBRACE YOUR STORY

# LIFE SHOULD MAKE YOU SMILE...

which is precisely why HomeStory offers you beautifully designed products paired with efficient, stress-free service.

We exist to enhance the way people feel about their homes and their lives.

We do this by taking the plain and ordinary, and replacing it with something unique and beautiful that homeowners can feel proud of.

We do more than replace doors. We renew a sense of joy and pride of ownership. Homeowners are constantly amazed and delighted at the difference their new doors make, and impressed with the quality and speed of our service.

Doors become conversation pieces. Homes become more inviting and energized.

Smile more. Laugh and entertain more. And create more lasting stories in your home.

“WOW!  
I could not believe the  
difference  
the new doors made!”

## YOUR HOME. YOUR STYLE.

**Like you, your home is unique. It is a reflection of the moments that tell a story of life, events, and people.**

The right door design, paint color, and lockset style can provide a dramatic finishing touch or add that missing architectural detail to your home. Our homeowners are continually amazed at the degree of transformation reached by replacing their doors.

### **An easy, stress-free experience**

As door replacement specialists, we've developed unique door-measuring technology enabling us to customize each door for a great fit. We then pre-finish the doors with high quality paint at the factory before they're installed. All of your doors are replaced in just a few hours, with no in-home construction or mess. We're in and out in no time, leaving you with beautiful new doors to enjoy.

## BARN DOORS

Barn doors have become very popular because of their ability to separate rooms when desired, or open up spaces for a larger feel. Due to the sturdy track that is used, they are often installed where doors don't currently exist. Your design options are extensive. Barn doors can be designed to match the existing style of doors in your home, or you can opt for a unique design such as a distinctive glass door.

## CLOSET & POCKET DOORS

To maintain a consistent look throughout your home, the door design you select can be incorporated into traditional openings as well as closets. Closet openings can be filled with either a bypass or bi-fold system.

## ◀ Mirror Doors

For bedroom bypass openings, consider mirror wardrobe doors. Mirrored doors provide the illusion of greater surrounding space while doubling as a full-length dressing mirror.

## Pocket Doors ▶

Pocket doors are generally hidden, but once you add a new designer pocket door, you'll want to show it off. Adding designer raised-panel pocket doors is essential to the consistency of your home's interior door design.

## Paint & Finish Options

Paint is the final touch that makes doors uniquely yours, so it's important to make the right choice. We create a superior, commercial-grade finish by professionally spraying doors in our factory before they are installed. This gives you a great look that is free of paint roller or brush marks.

Leave the painting to us, so the only thing you have to do is enjoy your new doors.
